Useful information about the Group

Please note our rides are aimed at Cycling UK and RSF members and if you are not a member of one of these national cycling clubs, we ask you to join Cycling UK before coming out on one of our rides. Our rides start at 10am from inside a cafe for coffee and cake before heading out on the ride at around 10.30. The ride is led at a slow pace, we aim to stop for lunch with a good view, so please bring a packed lunch and later in the afternoon we stop at a cafe or tearoom for a brew before heading back to the starting point of the ride.

You can find more information about the group on our website at www.southlakesgroup.org/cycle-touring-group/index.htm where you can read about and look at ride photos of our past events, sign up to join our e-mail list and also sign up for our website weekly e-newsletter.
